

VELORA 1.0 – DARE TO COMPETE

ABOUT THE EVENT

VELORA 1.0 is the inaugural edition of a 24-hour national-level hackathon presented by **Cipher - The IT Students' Executive Council, Dept of Information Technology** in association with **IEEE Chapter** designed to bring together top engineering talent to build innovative, real-world solutions in a high-energy competitive environment. Following online screening rounds, 300+ shortlisted participants will compete in an intensive on-campus development sprint featuring mentorship, evaluation rounds, and final jury presentations.
